

English Profile

Reference level descriptions for English

Please complete this form with reference to the guidelines on the preceding pages

English Profile Research Proposal Form

(no more than 3 pages long)

Introduction

[This section should provide an introduction to the research project proposed and briefly state how it is related to previous research in its field]

Research Questions

[What issues will be investigated?]

Relevance of current proposal to English Profile

[The following questions should be explicitly addressed:

- How will your research questions contribute to the aims of the EP programme, ie the description of Learner English across the CEFR levels?
- Which of the CEFR levels will be your main focus and why?]

Proposed methodology and timescale

[What is the research methodology employed? Is access to a corpus required and which one? What is the timescale of the project?]

Proposed outcomes of the research project

What 'deliverables' do you foresee as the outcome(s) of your research project? How would these outcomes benefit English Profile as detailed in the above guidelines?

Bibliography

[A list of references used in the proposal.]
